BBR SCHOOLS, INC. AND BASIS.ED
SERVICE AGREEMENT

Rights and Responsibilities of BBR

- BBR is responsible for overseeing all of its charter schools and has discretion in selecting a service company to assist with operating its charter schools.

- The Board retains an independent Executive Director to oversee all of the BBR responsibilities.

- BBR is responsible for adopting an annual charter school budget for each fiscal year in a timely manner as required by applicable law that has adequate resources to fulfill its obligations under the Charter Contract and this Agreement.

- BBR will engage an independent certified public accountant to conduct a quarterly agreed-upon procedure ("AUP") to review and test BBR cash disbursements for costs and expenses in order to determine whether such disbursements are properly supported, accurately recorded and processed in accordance with BBR’s internal control policies and procedures and whether expenses were allocated in accordance with the Agreement. To assure accuracy in recordkeeping, the AUP will be designed to use a larger sample of transactions than is customary practice. BASIS.ed shall provide the Board with records supporting expenditures of BBR funds made by BASIS.ed. The AUP shall include provisions to allow BASIS.ed fifteen (15) days from a notice of deficiency in which to respond to or cure any such deficiency identified by the independent certified public accountant during the AUP process; provided, however, for any deficiency remaining after such time period BASIS.ed shall reimburse, within fifteen (15) days’ notice of the determination of a remaining deficiency, any disbursement the independent certified public accountant determines was not accurately recorded and processed in accordance with BBR’s internal control policies and procedures and pay to BBR interest on such deficiency at the rate of 1.5 percent per month from the date of disbursement until reimbursement.

- BBR may undertake an audit of BASIS.ed each year to assess BASIS.ed’s compliance with the terms of the Agreement and applicable requirements of the Charter Authority in those States in which BASIS.ed is providing services.

Responsibilities of BASIS.ed

- BASIS.ed manages, administers, oversees, and supervises the operations and activities of the charter schools as well as new school development. In addition, BASIS.ed will furnish BBR with curriculum, testing, analysis, reports, programs, procedures, and other information and materials.
• BASIS.ed may neither act nor fail to act, in any manner that may result in a breach of any Charter Contract or applicable law.

• BASIS.ed acknowledges this Agreement is subject to the terms of the Charter Contract(s), Louisiana’s Charter School Law (the “Act”), Section 501(c)(3) of the Internal Revenue Code, and other federal and State laws applicable to charter schools.

• BASIS.ed is responsible for timely providing BBR with all of the information necessary (i) to fulfill BBR’s reporting requirements under the Charter Contract(s); (ii) for the applicable Charter Authority or other State or federal agency’s oversight of Charter School operations or BBR; and (iii) to comply with the Charter Contract and/or applicable law, including the Internal Revenue Code.

• BASIS.ed agrees to communicate with the BBR Board of Directors (the “Board”) and timely notify the Board of any anticipated or known: (i) material health or safety issues; (ii) labor, employee, or funding problems; and (iii) problems of any other type that could adversely affect the Board, BBR, or the Charter Contract(s).

• BASIS.ed shall supervise, manage, disburse, and account for all revenues consistent with the annual budget, the Act, this Agreement, the Charter Contract(s), Board resolutions, and applicable law.

• BASIS.ed shall cooperate in the preparation of the annual audit and any other accounting or financial reviews undertaken by independent auditors approved or selected by the Board. BASIS.ed shall make all of BBR’s financial and other records related to BBR available to the auditor as required by applicable law.

• BASIS.ed is responsible for implementing reasonable information and reporting systems for BBR that will enable BBR to monitor key areas of business, legal, and regulatory compliance and risk in its charter schools. Several times a year BASIS.ed will prepare a written management report for presentation at a Board meeting. The report will address academic performance, student enrollment, teaching resources, new schools activity, legal and regulatory compliance, organizational structure and risk management, providing an overview of what has occurred in each of these areas since the last management report, including any items of concern, improvement or changes in noted items of concern from prior reports, areas needing additional attention or resources from BBR, steps BASIS.ed has taken to control or mitigate any areas of concern, and other material relevant to the services and BBR’s operation of the charter schools. The Board will be given the opportunity to review and discuss the report with knowledgeable BASIS.ed personnel at a Board meeting and to request additional information and follow up, as deemed necessary by BBR.
Fees

- In consideration of the BASIS.ed services, BBR agrees to pay BASIS.ed a service fee ("Fee").

- BASIS.ed provides site management as part of the Fee.

- The Fee decreases as BASIS.ed’s network grows.

- BBR shall engage a qualified specialist to determine whether the Fee under this Agreement is reasonable compensation for the services. If the qualified specialist determines that the Fee is not reasonable compensation for the services, the Parties shall negotiate, in good faith, an adjustment to the Fee that constitutes reasonable compensation for the services, as confirmed by the qualified specialist. Any Fee paid under this Agreement determined not to be reasonable compensation by the qualified specialist shall be reimbursed by BASIS.ed. BBR will exercise this option and will engage a qualified specialist to perform the reasonableness study.

CHARTER SCHOOL CONTRACT: EXHIBIT D
TYPE 1 Charter School Student Enrollment Policies and Procedures

The East Baton Rouge Parish School Board ("EBRPSB") is committed to ensuring that the student enrollment process in the charter schools it authorizes is fair, transparent and accessible to all students and families interested in attending a charter school.

The following describes the student enrollment process, both in terms of policies and procedures, for EBRPSB Type 1 charter schools.

ENROLLMENT POLICY

The Board of Directors must adopt a written student enrollment policy. The policy should include:

- Five-year enrollment plan (including expansion plan for additional grades and number of students served);
- A non-discrimination assurance;
- Eligibility and application requirements (including ages/grades at which the Charter School enrolls, or does not enroll, new students);
- Marketing/outreach/recruitment timeline and activities;
- Due dates for application materials;
- Lottery date and process;
- Instructions for accepting admission if chosen in the lottery; and
- Waitlist procedures.

Per district charter policy, EBRPSB staff will review the Charter School's approved enrollment policy and any application materials (i.e. written application, recruitment flyer) to ensure consistency with the Louisiana charter school law.

Non-Discrimination Requirement

Charter schools authorized by EBRPSB are public schools and are open to all students eligible for enrollment in a public school. Charter schools may not discriminate on the basis of race, color, national origin, creed, sex, ethnicity, sexual orientation, mental or physical disability, age, ancestry, athletic performance, special need, proficiency in the English language or in a foreign language, or academic achievement in admitting students, nor may charter schools set admissions criteria that are intended to discriminate or that have the effect of discriminating on any of these bases.

Enrollment of Students with Disabilities

It is expected that charters schools will enroll students with disabilities in compliance with all applicable law. EBRPSB will monitor all schools for compliance with the law to ensure equal access for ALL students. In admitting students in compliance with applicable law, it is anticipated that a charter school will use reasonable efforts to enroll a percentage of students that is reflective of the number of students with disabilities being served in public schools within the parish in which the Charter School is located. This is not a quota or cap on the enrollment of students with disabilities. All students must be admitted in compliance with applicable law.

The percentage of students eligible for special education services who are admitted to the Charter School
will be reviewed annually based on the percentage of students identified as receiving special education services in schools within the parish in which the Charter School is located. In the event that the Charter School does not enroll a percentage of special education students that is reflective of the percentage of special education students in the parish where the Charter School is located, the provision contained in Exhibit E shall apply.

**Required Enrollment of Economically Disadvantaged Students for New Start-Up Type 1 Charter Schools**

The charter operator shall comply with the terms of Exhibit E with regard to the enrollment of ‘Economically Disadvantaged students. Non-compliance with Exhibits D and E shall be considered a material breach of this agreement.

**ENROLLMENT PERIOD**

To initiate the enrollment period, the Charter School should:

- Determine the spaces available in each grade based on the Charter School’s capacity;
- Set a deadline for accepting student applications. Pursuant to the Louisiana Charter School Law, an application period shall not be less than one month nor more than three months;
- Publicize the application deadline in multiple venues with reasonable notice of at least **one month** before the deadline;
- Set a date for the lottery with reasonable public notice given at least one week prior to the lottery; and
- Set a final date for students to accept enrollment and the actual date of enrollment.

*Recommended Practice in Recruiting Students*

To meet the requirement of “reasonable notice,” the Charter School might:

- Send notification to local non-profits advertising the Charter School and its enrollment process;
- Post notices in various locations across the parish(es);
- Hold well-publicized informational meetings for students and families to learn about the Charter School and its enrollment process; and
- Run advertisements in the city’s major commercial and community newspapers.

**Application Requirements**

As stated above, charter schools may not discriminate in their enrollment practices. At the same time, charter schools have an interest in making sure that prospective students and families understand the mission and focus of the Charter School and that they are interest in being a part of that school community. To that end, charter schools may have application requirements, provided those requirements are not designed, intended, or used to discriminate unlawfully. Meetings with parents/guardians, for example, must be designed to inform them about the Charter School rather than to discourage certain types of students from attending the Charter School.
Acceptable Application Requirements

- Charter school may require a written enrollment form that includes basic and general information about the prospective student (i.e. name, address, birth date, last grade completed, prior school attended).
- Charter schools must require proof of residency in East Baton Rouge parish charter school (such requirement may not be made of homeless students).
- Charter schools may require students to successfully complete the grade preceding the grade the student plans to enter.
- Charter schools may encourage (not require) parents/guardians to attend informational sessions.

Unacceptable Application Requirements

- Charter schools may not require written application is intended to assess the student’s aptitude (i.e. essay responses, prior test scores, special education and English language learner identification)
- Charter schools may not make statements in meetings that are intended to or have the effect of discouraging parents/guardians of students with disabilities, or English language learners, or any other protected group of students from submitting an application to the Charter School.

Eligibility

In order to be eligible to enroll, a student must live within the geographic boundaries of the East Baton Rouge Parish School System.

Recommended Application Materials

Charter schools should make it as easy as possible for students and families to complete the enrollment application. Toward that end, charter schools should:

- Translate the application in languages spoken by the prospective population to the extent possible.
- Make the application available in multiple locations (i.e. school building, neighboring non-profit organizations, internet/website).

Charter schools are expected to make proactive efforts to reach out to students and families throughout the community in recruiting new students, and to administer their enrollment process in a way that is open, inclusive and fair. Failure to do so may indicate that the Charter School is using its enrollment process to discriminate and may result in sanctions by EBRPSB.
CONDUCTING THE LOTTERY

New Type 1 Charter School

In a new charter school’s first year of operation, at the conclusion of the application period, if the applications for students do not exceed the slots available, students applying during the application period shall be admitted. If the total number of eligible applicants exceeds the capacity of a program, class, grade level, or school, admission to the program, class, grade level, or school shall be based on an admissions lottery conducted from among the total number of eligible applicants.

If the percentage of at-risk applicants, as defined herein, does not exceed the required percentage of at-risk students to be enrolled in the charter school, then the BOARD may take action as described in Exhibit E.

Recommended Practice in Conducting Lottery During the First Year of Operation:

- Separate applications by grade level.
- For each grade level, draw names until all slots have been filled.
- If there are more names for a given grade than slots available, continue to pull names and add such names to the Charter School’s waitlist in order as pulled.

It is important to note that in subsequent years (Year 2 and thereafter), all charter schools must:

- Provide all previously enrolled students (e.g. students that attended the Charter School during its first year of operation) the right to continue to attend the Charter School, provided that the Charter School serves the grade level in which the student should be enrolled.
- Give lottery preferences to siblings of students already enrolled in the charter school.

ENROLLING STUDENTS

Once the lottery is complete, the Charter School should send notifications to each student that submitted an application the status of their application. Students that were chosen in the lottery should be given explicit instructions on how they accept admission to the Charter School and pertinent information regarding the start of the school year.

Acceptance Requirements

Just like the application requirement, the admission acceptance requirement may not in any way discriminate against students and families.

Recommended Acceptance Requirements

The charter school should require a parent or guardian to accept admission to the charter school by notifying the school (providing multiple ways and ample time to do so) of his or her intent to attend.

The charter school must notify EBRPSB of the Charter School’s anticipated student enrollment by established deadlines. For each student that has accepted enrollment and registered to attend, provide:

- Name
- Address
• Social Security number
• Birthdate
• Grade
• Previous school attended

A school is only required to hold a slot for a child whose parent has not accepted admission for a maximum of two weeks. Seats do not need to be held for students who have not accepted admission and registered to attend at the school. If an admitted student who has registered to attend the school does not attend school for two consecutive weeks, that slot may be released and given to a student on the waitlist.

In such cases, a charter school is required to:

• Notify the parent/guardian of the registered student after five days of missing school to discuss their intent to send their child to the Charter School.
• State that in order for the slot to be held, the student must attend school within the next five days.
• If the student does not attend within those five days, the Charter School may release that particular slot and fill it with a child from the waitlist (if no waitlist exists, the Charter School may receive applications for that slot.)
I. **Required At-Risk Percentage:** Pursuant to Louisiana Revised Statute 17:3991(B)(1)(a)(i), the percentage of the total number of students enrolled in a Type 1 charter school based on the October first student membership who are economically disadvantaged and students with exceptionalities as defined in R.S. 17:1942, not including gifted and talented, shall be equal to not less than eighty-five percent of the average percentage of students enrolled in the local public school districts from which the charter school enrolls its students who are economically disadvantaged and shall be equal to not less than eighty-five percent of the average percentage of students enrolled in the local public school districts from which the charter school enrolls its students who have been identified as a student with an exceptionality as defined in R.S. 17:1942, not including gifted and talented. For the purposes of fulfilling the provisions of this Section, the economically disadvantaged and students with exceptionalities percentage for the local public school district shall remain fixed during the term of the approved charter at the percentage which existed during the school year that the charter proposal was approved, or renewed. For the purposes of this contract, including but not limited to Exhibits D and E, the “students with exceptionalities” or “economically disadvantaged” requirements of La. R.S. 17:3991(B)(1)(a)(i) shall apply to and be based upon only students who are not dependent children of permanent employees of the corporate partner.

II. Violation of these requirements shall be considered a material breach of this agreement. For the purposes of this contract, including but not limited to Exhibits D and E, the requirements of La. R.S. 17:3991(B)(1)(a)(i) and BESE Bulletin 126, 2713 shall apply. Any corrective action will be based on the Charter School’s failure to exercise reasonable efforts to recruit and enroll economically disadvantaged students consistent with the targets contained in the Charter Application. While this language is intended to provide guidance regarding the initiation of corrective action, this does not, and is not intended to limit or impair the Board’s ability to ensure compliance with all applicable laws, policies, and regulations related to the provisions of this Charter contract.
EXHIBIT F: Academic Performance

Student performance is the primary measure of school quality. The BOARD shall use the state’s assessment and accountability programs as objective and verifiable measures of student achievement and school performance. Student performance is the primary indicator of school quality; therefore, the BOARD will heavily factor all annual evaluations, contract extensions, renewal and revocation decisions on a school's achievement of the student performance standards.

As outlined in the chart provided below, the Charter Operator provided academic goals in its charter application. The Charter School's success in meeting such goals shall be considered as one factor in determining whether the charter school shall be extended, renewed or revoked, in addition to those renewal, extension, and revocation criteria established by state law and BOARD policy. Failure to meet a single measure outlined herein at any point during the charter contract term will not be sole grounds for revocation, nonrenewal, or failure to extend. In every respect, the BOARD will evaluate the totality of the school’s performance and make revocation, renewal, or extension decisions pursuant to the provisions of Section 5.4 of the charter contract.
